

ENVIRONMENTAL POLICY

Corpor@te Facilities Services Ltd is committed to developing and promoting high environmental standards in all areas of their business and improving the quality of life for their local community.

Our policy is to pro-actively manage the impact of our business, by identifying opportunities for continuous improvement. We will comply with all relevant environmental legislation and regulations, and support initiatives which enhance or protect the environment whilst actively seeking to protect resources through technology development, reuse and recycling.

Our aim is to:

- Minimise the use of environmentally sensitive materials;
- Promote recycling and the use of recycled material where cost effective;
- Minimise waste and reduce consumption of materials;
- Improve energy efficiency;
- Ensure compliance with standards for noise, water quality, waste management and energy use and regularly monitor performance;
- Communicate environmental policies for our staff, customers and suppliers;
- Encourage business partners to adopt standards comparable to our own.

As an organisation, we communicate care for the environment and encourage all conduct that promotes this. Working in close partnership with our clients CFS expects all our employees to comply with the Environmental Policy as specified by both the site and company.

We will continue to seek ways to protect the environment, our customers and our staff during the course of our business.

A handwritten signature in blue ink, appearing to be 'Jack Martin', is written over a faint, light blue oval background.
